KEPEMIMPINAN dalam Pendidikan

- “I’ve come to a frightening conclusion that I am the decisive element in the classroom. It’s my personal approach that creates the climate. It’s my daily mood that makes the weather. As a teacher, I possess a tremendous power to make a child’s life miserable or joyous. I can be a tool of torture or an instrument of inspiration. I can humiliate or heal. In all situations, it is my response that decides whether a crisis will be escalated or de-escalated and a child humanized or dehumanized.”

(Haim G. Ginott in *Teachers and Child: A Book for Parents and Teachers*)

A Leader is...

- A person who has an unusual degree of power to create the conditions under which people must live and move and have their being—conditions that can either be as illuminating as heaven or as shadowy as hell.
- A person who has an unusual degree of power to project on other people his or her shadow, or his or her light.

(Parker J. Palmer: Leading from Within)

Diskusikan

- Have you ever walked into a classroom in which the leader is projecting light?
- Have you ever walked into a classroom in which the leader is projecting a huge and ominous shadow?

(Parker J. Palmer: Leading from Within)
